

Organiser's Comments

These events were relatively straightforward to organise as we had a very experienced planner (Juliet Morgan) and controller (Richard Payne). Neil Croasdell and Sue Levinson had already made links with the warden at Oakwell Hall regarding the POC and the warden was keen for us to have an event on the area so this meant that permissions and a base were easily sorted out. This really only left sorting out entries and helpers. Jonathan Emberton kindly set up entries and there were a good number of volunteers to help making my job relatively straightforward.

Everything ran well on both days and it was great to also see some newcomers at both events – I hope you enjoyed your courses and come along to another event in future!

Thanks to the usual army of EPOC helpers and I hope those of you outside didn't get too cold.

Thank you also to the people who approached me after the event to give their thanks – this always makes things feel worthwhile when you know the efforts are appreciated.

Finally, a big thank you to the staff at Oakwell Hall for being so helpful and accommodating over the weekend.

I only found one item of lost property after the night event – a pair of black running gloves. If you think they might be yours then please email me eah1607@aol.com
