

Planner's Comments – Mirfield

Mirfield didn't provide the opportunity for anything really technical.

However, the feedback was good. You seemed to have enjoyed the courses.

Plenty of route choice and conversation at the finish as to which route taken.

Sorry about the finish being further up the hill than marked on the map.

Also, apologies to Brian Ward and anyone else who discovered a closed gate between controls 4 and 5 on course 3.

Many thanks to Emma Harrison my controller for her help and guidance.

Thanks also to Jane for assisting me (me assisting her!) in putting out the controls.

Richard Payne
