

Organiser's Comments

Thank you to all who came to the events across the weekend, I hope you all enjoyed your runs.

This was my first time organising an event and I would say it went well! It was fantastic to secure a base at New College Pontefract for a warm and dry area, with not knowing what the weather could be like! Apart from the mud, there was some really positive comments about the planning and the event as a whole.

A huge thank you to my fellow officials of Megan Harrison, who was a first-time planner, and to Craig Lucas who was a fantastic controller. There's still plenty to learn, so I look forward to being organiser again in the future for other events.

Any comments or feedback are always appreciated.

Laura Harrison
